801 CRAIG STREET.

The Wooden Carpeting has proved by its durability that it is the cheapest covering for Kitchens Offices, Stores, Banks, Halls, Laundries, Schools, Dining and Sitting Rooms, or Border for Drawing Rooms, and where care is taken it can be made to look nice as long as it lasts, which in Private Houses would be as long as an ordinary HARD WOOD FLOOR, or at least ten times as long as the best ENGLISH OIL CLOTH. The great advantage of these Floors is that they are Insect, and Dust-proof, can be laid over any Floor without disturbing the arrangement of the Room materially, such as the Door Sills, Hearth-Stones, or Register, being but $\frac{1}{4}$ inch thick. The wood is glued on Heavy Cotton Drill, and can be shipped to any point, as it is portable and rolls up like Oil Cloth. The Plain Floor laid complete costs \$2.50 per yard. Or with more Elaborate Style with Fancy Borders, Initials, Monograms, Inscriptions, Centre Pieces, and Wainscots for Walls, from $\frac{1}{4}$ inch to 1 inch thick at from 40 cents to \$1.00 per square foot, finished. Designs and Estimates furnished, and floors laid in all styles. Samples may be seen at the

PREFACE.

THE PUBLISHERS take pleasure in presenting to the public the **MONTREAL DIRECTORY** for 1875-76.

According to the Municipal Census of 1872, the population of Montreal was 17,865, divided among the following wards :

East.....	3,159
Centre.....	1,412
West.....	1,156
St. Mary.....	14,983
St. Antoine.....	27,506
St. Lawrence.....	14,410
St. Louis.....	16,452
St. James.....	19,146
St. Ann.....	19,641
Total.....	117,865

f, to the above are added a large increase of the population during the past year, and the suburban villages (which are given in the **DIRECTORY**,) and which properly form part of the city, the population is at least 160,000.

To canvass such a large population, (yearly rapidly increasing), arrange the names in alphabetical order, classify the business of each advertiser and subscriber, and collate the vast amount of miscellaneous information appended to the work, is a task that requires the greatest anxiety and care.

The city is canvassed first by a large staff of Agents, and their work is afterwards revised and corrected from door to door.

The **STREET DIRECTORY**, an important and very necessary part of the work, will be found very full and reliable.

The Miscellaneous matter will also be found very complete.

The business of each Advertiser and Subscriber is carefully classified.

The Publishers beg to thank the public for their very generous support, and those who aided in supplying information, and bringing the **DIRECTORY** to a successful issue.

MONTREAL, 20th June, 1875.

THE
ACCIDENT
INSURANCE COMPANY
 OF CANADA.

The only CANADIAN COMPANY, solely devoted to Insurance against Accidents, and giving definite Bonus to Policy-holders.

This Company is not mixed up with Life, Fire, or any other class of Insurance. It is for

ACCIDENT INSURANCE

alone, and can therefore transact the business upon the most favourable terms, and a SECURE basis.

It is also the only Company including in its list of stockholders many prominent Merchants and Capitalists in TORONTO and HAMILTON.

PRESIDENT:—SIR A. T. GALT, K.C.M.G.

MANAGER AND SECRETARY:

**EDWARD RAWLINGS, 103 St. Frs. Xavier St.,
 MONTREAL.**

SURETYSHIP.

THE CANADA

GUARANTEE COMPANY

MAKES THE

GRANTING OF BONDS OF SURETYSHIP

ITS SPECIAL BUSINESS.

There is now NO EXCUSE for any Employé to continue to hold his friends under such serious liabilities, as he can at once relieve them and be SURETY FOR HIMSELF by the payment of a trifling annual sum to this Company.

Head Office:—103 St. Francois Xavier Street, Montreal.

PRESIDENT:—SIR ALEXANDER T. GALT.

From the above Official Returns it will be seen that the ÆTNA LIFE INSURANCE COMPANY has again, for another year, transacted a larger new business in Canada than any other Life Insurance Company. And not only so, but the new business done exceeds that of the whole fourteen old country companies all combined. They issued a total of 1,308 policies for \$2,248,837, while the new business of the ÆTNA alone amounted to..... 1,000 policies for \$2,223,647.

Persons about to insure may well conclude that the foregoing figures afford the best possible proof of the ÆTNA LIFE INSURANCE COMPANY's superior advantages. The assurance that no money can be lost or forfeited in the ÆTNA, after two, (and on the cheaper plans, THREE) annual payments, induces many to insure and keep insured, in so liberal a Company.

Special and careful attention is directed to the Table on the other side of this leaf, shewing the GAINS FROM INTEREST, and the SAVING IN EXPENSES of the ÆTNA, as compared with other companies whose accounts can be had for the purpose.

THE ÆTNA LIFE INSURANCE COMPANY, compared with other Life Insurance Companies doing business in Canada, in regard to "Expenses of Management," and the "Productiveness of Assets." (Computed from the Official Returns and Accounts of the Companies named.)

Which one of all the Companies in Canada, obtains the largest amount of Interest on its Funds and at the same time, manages its business with the most Economy? Some one 'company does this, and the above table shows which one. Assuming that all are equally 'careful in selection of risks, their ability to afford ADVANTAGES will depend mainly upon the two elements of saving in Expenses and Improvement of the Funds at compound interest.

Column 9 shows how much less the ÆTNA would have saved in 1874, had its Interest and Expenses been on the same scale as the Companies whose names are opposite the amounts. If the ÆTNA had received only 4 1/2 per cent interest, instead of nearly 8 per cent, in 1874, the difference would have been \$600,000 as shown in column 4. If its expenses had been 40 per cent, for a single year, its funds would have been about \$2,000,000 less than they are.

## LIFE INSURANCE AT COST.

The *ÆTNA* LIFE INSURANCE COMPANY gives to its mutual or participating Members, their Life Insurance at *Cost Price*.

It accomplishes this by *1st*, using Mutual Rates which are much lower than the Mutual rates of other Companies—lower even than most Companies charge for their cheapest “without profit” policies; and *and*, making those rates still lighter by annual dividends of the profits accruing upon each policy.

The following table, taken from the printed rates of the different companies, illustrates the *1st* point above mentioned. The figures with \* attached are without profits, and all the rest entitle the holder to dividends:—

| THE <i>ÆTNA</i> 'S RATE, with profits... | 974.30          | 644.60    | 487.70    | 537.70                |
| Annual Saving in the <i>ÆTNA</i> .....   | 107.21          | 62.50     | 38.20     | 77.60                 |

The CONTRACT PRICE, therefore, in the *ÆTNA*, is \$1072.10 less for \$10,000 payable at the end of ten years than in the average of other Companies, and \$38.20 per annum, or a total of \$764.00 less for \$10,000 payable in 20 years.

That the *ÆTNA* can afford to give these advantages over other companies in the contract, is proved by the fact that it has always been able to reduce these rates by cash dividends to its policy holders at the close of each year, applied in reduction of the second and subsequent premiums.

Some of the above-mentioned companies also make annual dividends, but it is believed none of a similar age can excel this Company in putting the Cost Price at a low figure. The following table gives the money paid to the companies named during the past four years by Mr. H. A. Foote, of Water st., New York, who took a Policy in each Company for \$5000 in the year 1871, on the same age:—

|                | <i>Ætna</i><br>Life. | Massa-<br>chusetts. | North<br>Western. | Equit-<br>able. | Washing-<br>ton. | Berk-<br>shire. |
|----------------|----------------------|---------------------|-------------------|-----------------|------------------|-----------------|
| Amounts Paid.. | \$520.67             | \$532.96            | \$534.50          | \$539.55        | \$550.55         | \$550.93        |

THE *ÆTNA*'S premium named in the Policy is \$148.55, but instead of being called on to pay 4 times that, viz: \$594.20, only \$520.67 was called for, so that the dividends were the respectable sum of \$73.53 in three years, notwithstanding the original rate, or contract price, is lower than in any of the other companies.

The following is the case of another *ÆTNA* policy holder in Saratoga, aged 60, insured for \$3000, on which four premiums have been paid to each Company:—

|              | <i>Ætna</i> Life. | Connecticut General. | Equitable of N. Y. |
|--------------|-------------------|----------------------|--------------------|
| Amounts paid | \$766.16          | \$907.19             | \$834.23           |

|      | Increase of Surplus in 1874.....                                  | \$549,561 08            |

Shewing a gain of over 50% in the Dividend Fund upon the previous year.

From the above it will be seen that the great wave of extra mortality, which swept across the continent in 1872-73 has subsided, leaving the AETNA's gains from mortality, the very large sum of \$343,024.61 in the year 1874, as compared with 1873. Total increase of Surplus for the year, **\$549,561.08.**

The divisible surplus of **\$1,561,810** would have enabled the Company to pay a much larger dividend in 1875 than was finally determined upon. A large surplus being held by the Company will prove of great benefit to continuing policy holders. It will act not only as an additional safeguard, but the additional interest realized upon the surplus becomes a part of the earnings which those policy holders who continue to pay premiums will receive in future dividends.
